Pre & Post Treatment Instructions

PRE-TREATMENT

- ❖ No tweezing or waxing is allowed for 3 to 5 weeks before your appointment.
- ❖ During that time you may shave or manually trim the hairs on the area that is going to be treated, until 3 days before your appointment.
- ❖ At 3 days before your appointment, discontinue all shaving or trimming in preparation for your appointment.

POST-TREATMENT

- ❖ Usually there is no discomfort after treatment; however you may use aloe vera if there is some irritation.
